To Whom It May Concern

Re: Henry Electric, a division of Long Electric Company, Inc., 3539 Wells Street, Ft. Wayne, Indiana

Dear Sirs:

Mrs. Yvonne Shaheen, President of Long Electric Company, Inc. ("Long Electric"), has asked us to provide you with information concerning the Woman Business Enterprise status of Long Electric. Long Electric acquired Henry Electric in 1979 and merged it into Long Electric in 1984. Henry Electric now operates as a division of Long Electric.

Baker & Daniels represents Long Electric on a wide variety of matters, and we are familiar with its operations.

At the time of his death on February 19, 1987, Riad Shaheen was President of Long Electric and its sole shareholder. His will, which names his wife, Yvonne Shaheen, as his personal representative and sole beneficiary, has been admitted to probate in Hamilton County. While the administration of the estate is not yet complete, Mrs. Shaheen is now the beneficial owner of all shares of stock of Long Electric. Those shares will be distributed to her at the completion of the adminsitration of Mr. Shaheen's estate. Mrs. Shaheen has been elected President of Long Electric.

We are currently in the process of completing forms to be presented at the state and local level to obtain certifications that Long Electric is a WBE. We anticipate

that the forms will be completed and submitted in the near future and do not anticipate any problems obtaining the certifications.

If we might provide further information, please let me know.

Sincerely yours,

David R Frick

DIGEST SHEET

TITLE OF ORDINANCE: SPECIAL

DEPARTMENT REQUESTING ORDINANCE: PURCHASING

S-87-07-41

SYNOPSIS OF ORDINANCE:

An ordinance approving City Utilities Purchase order #09127 with respect to the purchase of Variable Frequency Drives for the Water Pollution Control Plant, per the specifications in Reference #821.

Purchase of this equipment is "Subject to financing through the City Equipment Lease Program as provided for in Ordinance S-174-84."

EFFECT OF PASSAGE:

Equipment is needed to replace the 10 year old drives that have become unrepairable. The new equipment would ensure that the plant operation would run smoothly and without surges.

EFFECT OF NON-PASSAGE:

Plant would continue to have a problem with repairing and possible shutdown of the plant.

MONEY INVOLVED (direct costs, expenditures, savings):

Alpha Omega Electric $188,298.00 +/-

ASSIGNED TO COMMITTEE (President):

BILL NO. S-87-07-41
